## NEW DEVELOPEMENT IN CASE FROM FALLOWFIELD

What is believed to be one of the most important links in the chain of evidence against Thomas Deets and William Bennet, who are now in jail charged with being implicated in the robbery of Miss Maria Degarmo and Miss Elizabeth Hartman in Fallowfield township was secured yesterday when a valuable chain belonging to Miss Degarmo was returned to the district attorney's at Washington. The chain was secured from a silversmith at Sutter station near the scene of the robbery. It is valued at about \$65 and was sold to the silversmith by Deets.

Stevenson, Ramsey and Rodgers, the three other men connected with the robbery, pleaded guilty to the charge and were sentenced to ten years in the penitentiary. Deets protests that he knows nothing of the robbery and that he was not connected with it in any way and refused to plead guilty with the other prisoners. The securing of this chain it is believed will fasten the crime on Deets. The evidence against him is very strong.

The prisoners who were sentenced and are now serving their time in the pen refused to make any statements about the robbery. Stevenson, who is supposed to have been the ring-leader and also a member of the famous Cooley gang stated that he had a thief's honor and would not "peach" on any of his pals.

It is likely that Deets and Bennet will be tried this term of criminal court.

County Detective William McCleary has been working on the case and now has returned to the women nearly every article taken from them by this apparently well organized band of thugs.

## TEACHER STOPS RUNAWAY AND SAVES CHILDREN

Miss Ruth Heatherington, the popular young teacher in the Jonestown school near Bentleyville, yesterday displayed the nerve of a novel heroine when she stopped a runaway horse that threatened to trample underfoot some of her charges as they were returning home with her from school.

The young lady was with the pupils on the Charleroi road walking slowly along discussing the events of the day when the rapid approach of the frenzied animal was noticed. Miss Heatherington was quick to act, and saved perhaps the lives of her charges. She seized the horse by the bridle and after a valiant effort succeeded in stopping it.

The children were terrified. To the animal was attached two wheels and a pair of shafts of what had once been a rig. The outfit was placed in the Richardson brothers livery stable at Bentleyville. The owner is not known and where the horse came from is a mystery as no one has called for the steed and the wrecked rig.

Miss Heatherington is being overwhelmed with congratulations on her prompt action and supreme nerve.

Carothers, who was present as a guest of Mr. Berry, came in for full share of the honors and was greeted on every side with expressions of esteem and confidence. Treasurer-elect William E. Lane was also the guest of Mr. Berry and was cordially welcomed by the enthusiastic crowd.

## LOSES LIFE RUNNING TO CATCH TRAIN

Midway, Nov. 13.—While attempting to board a train at the Panhandle station here last evening William T. Voelker, a traveling salesman, slipped and fell on the brick platform and was instantly killed. His neck was broken by the fall.

Mr. Voelker carried in his pocket an accident card of the Commercial Travelers Accident Insurance company, of Utica, N. Y., which gave his address as 33 Maple avenue, Pittsburgh. He represented as salesman the firm of Miller and Coulson, of Salineville, O., and sold vitrified sewer pipe, roofing and builders supplies.

Mr. Voelker had been in Rickson and Wallace's store soliciting business when the train whistled for Midway station. In less than two minutes he was a corpse. He was running to board the train when the accident occurred.

The body was turned over to G. W. Nash, the undertaker, and Deputy Coroner Humphries, of McDonald, was notified.

## FOURTH ANNUAL CONVENTION OF ASSOCIATION

The fourth annual convention of the Washington county Sabbath school associations yesterday at Washington in the rooms of the Y. M. C. A. Delegates were present from all parts of the county and the session was a very successful one. President Rev. C. L. McKee of Washington was in the chair.

The devotional exercises comprised the reading by the president of the stirring account of the summary procedure of Nehemiah breaking up traffic on the Sabbath, as recorded in Nehemiah 13:1-21, this scripture reading being followed with prayer by Rev. J. C. Kistler of Houston.

Reports were presented by the president and by the secretary-treasurer, S. W. Hall, covering the work done during the year.

Rev. J. P. Sharp, of Philadelphia, state field secretary of the Sabbath association, being present, and addressed the convention, giving advice and direction as to methods of procedure in enforcing the law, and citing some of the many victories won by the friends of the Sabbath in various parts of the state, with court decisions covering the same. Many questions were answered by the speaker, as presented by the members of the convention.

Following general discussion of the situation in Washington county, it was unanimously resolved that, in connection with the publication of the proceedings of the convention, the Pennsylvania Sunday law, the so-called "Blue Law," published for the better information of the public in regard to the law and its requirements; that the association at the same time call attention of merchants, dealers, factory, mill and mine owners and operators and the public generally to the law and the court decisions concerning it, with the request that they observe its requirements; and that all officials, constables, justices, judges and others concerned be reminded of their duty to lead in the enforcing of this law.

An election for officers resulted in the continuance of Rev. C. L. McKee as president, and S. W. Hall as secretary-treasurer, for the ensuing year.

Rev. C. L. McKee was named as delegate to the state convention to be held November 17-18 at Gettysburg. Those present from Charleroi were Rev. G. G. Kerr and Joseph Kenyon.

### A Good Show.

Manager R. S. Coyle of the Coyle theatre has what he believes, a surprise in store for the patrons of his popular playhouse, in the presentation soon of Lem B. Parker's powerful drama of a phase of present day American life, entitled "Married for Money, or 'The Old Wife and the New.'" The play is said to be one of the most absorbing and startling stories dealing with one of the greatest evils our social life is afflicted with, written in recent years.

## MEETING OF EXECUTIVE COMMITTEE

Last night the executive board for the High School lecture course met and arranged for the matinee to be given on the 23rd of this month when the next attraction is scheduled. This will be given primarily for the children but it is thought that there will be a number of adults attend.

The price of the matinee will be, children, 10 cents and adults, 25 cents. The schools will be closed on that afternoon at three o'clock to permit the pupils to have plenty of time in getting to the hall.

The lecturer for the occasion will be Buffalo Jones, who is a noted man on the Redpath bureau. He has numerous press endorsements and is regarded as among the finest everywhere he goes. He has spent the greater part of his life on the plains among the animals and is perfectly able to discuss them.

His lecture is an illustrated one, he carrying with him a moving picture machine, and having a roll of films which he has himself taken.

The guarantees of the course are still hustling to sell tickets. They have not yet enough funds on hand for the course, and desire the people to help in the matter.

## URANIUM DISCOVERED IN STATE OF IDAHO

Spokane, Wash., Nov. 14.—Uranium, a rare metallic substance, with the so-called Becquerel rays of which Madame Currie was experimenting when she discovered radium, has been found in quantity on the property of the Green Mountain Mining and Milling company near Iyon, Idaho. Rock containing the values was encountered in tunnel No. 3 more than a year and a half ago, but as it showed only traces of copper and gold and no evidence of other metals it was thrown on the dump, where it remained until a few days ago, when a veteran prospector from the Black Hills recognized its value. Assays made in Spokane show the rock carries 3.7-10 per cent uranium and is worth \$130 a ton in its present state. The ore was found on a four-foot ledge, running 12 feet south of a parallel to the gold bearing vein, which has been under development several years. It occurs in two forms. One is a dark-green glossy ore, light in weight, the other being pitch-blende, black and heavy.

## Mr. George Yoder Claims Dinner Set

The winner of the dinner set at the Star theatre was Mr. George Yoder, he holding the lucky number, 1439.

The bill at the Star is drawing many to that popular vaudeville house the latter part of this week. Miss Marie Alba has a new and up-to-date singing and talking stunt that never fails to please wherever she goes. Reed's bulldogs as last year are making a great hit with all the patrons of the Star. They are extremely clever. Arthur Abbott is coster singer and comedian of ability and is making good at the local house with a vengeance.

Adolph has special prices on high grade shoes at his store on Fallowfield avenue, the last two days of this week. "Good quality; small price, is his motto.

Washington, Nov. 13.—As the result of an attack of heart trouble Jeremiah Ely, a former resident of Washington and one of the oldest residents of South Franklin township, died suddenly at his home yesterday morning. He was aged 80 years. Funeral services will be held from the home of his daughter, Mrs. Oliver Stewart, 445 West Chestnut street, on Saturday afternoon, at 1 o'clock. The interment will be made in the Washington cemetery.

A person cannot help but desire the shoes that Adolph is now showing. They have every essential that could be desired, fit, comfort, style, and last but not least the prices are small.

## COAL CENTRE YOUTHS ON TRIAL FOR ROBBING STORE

On trial before Judge McIlvaine at Washington is the case of the commonwealth against Irvin Whetzel and Thomas Dougan, two young lads of Coal Center, who are charged with felonious breaking and entry and larceny. Samuel Hartman, another young man, charged with the same offense, pleaded guilty some time since and is now at Huntingdon. He was brought back as a witness for the commonwealth and testified against the two defendants yesterday. The private prosecutor is George S. Robinson, of Elco, and it was his store that was entered. Besides candy and other small articles taken, there was stolen a gold watch and a pair of shoes belonging to Mr. Robinson.

Hartman was the principal witness on the stand, and he tried to pose as a hero when he was giving his testimony. Not yet of age he boldly told of his criminal acts as though he was a hardened criminal. He told of getting the night of the robbery a half pint of raw alcohol and two pints of whiskey. When asked by the defendant's attorney if he was

not pretty well "soaked" he replied he was not, he was used to it.

In his testimony he stated that the trio had been to Charleroi on the night of the robbery and he had secured the whiskey here. They then taken the street car to Elco, and intended to go home by the "Bummer" from there. They loafed around the Robinson store, smoking cigarettes and drinking whiskey, then a plan was concocted to raid the store. According to Hartman's statement Dougan broke the glass and he, Hartman, reached in his hand and with the aid of his revolver succeeded in loosing the catch. Hartman and Dougan went in while Whetzel stood guard. They took a lot of stuff and walked home.

The defense denies the story of Hartman and claims that while the two defendants were with him that night, Hartman left them before the store was robbed and later met them on the railroad with the stolen shoes and watch. J. R. Burnside represents the defendants. Hartman admitted that Whetzel and Dougan were not bad boys.

## FINE AND SIX YEARS IN PENITENTIARY

Mike Sussi Convicted Of Attempt To Burn Cars At Huston Yard.

The costs, fine of \$500 and imprisonment in the Western penitentiary for six years was the sentence pronounced yesterday at Washington by Judge Taylor upon Mike Sussi, convicted on the charge of the malicious burning of railroad cars at Houston yards. Sussi is already serving his time, being placed in the penitentiary yesterday afternoon. Immediately after he was sentenced Sussi was taken in charge by Deputy Sheriff W. B. McBride, who took him to an adjoining jury room, where he was stripped and searched, to see that there was on him no means to take his own life. He was taken to the penitentiary by Deputy R. G. Luton and Detective Sarver on the 10 o'clock Charliers train, not having been returned to jail at all after sentence.

## TO ORGANIZE A NEW CHURCH

## MEETING OF THE PAWVA LEAGUE

Uniontown, Pa., Nov. 13.—The Pennsylvania and West Virginia Baseball League met at the McCall and House here last night and disposed of last season's business. The pennant and Dispatch cup were formally awarded to Uniontown. It was decided to go ahead again next season with the same circuit. Another meeting will be held here January 20.

## DEFENDANT FOUND NOT GUILTY OF CHARGE

The jury in the case of the commonwealth against J. F. Miller, charged with aggravated assault and battery, found the defendant not guilty and divided the costs between the defendant and private prosecutor. The assault was committed upon Ida Miller, wife of the defendant, at being alleged he "knocked her down, with the result that she sustained a severe cut on her head." A brother of the woman was the private prosecutor. The testimony brought out that the defendant and his wife were inclined to imbibe a little and that, when this was the case there was often "rough house" at the Miller home. The parties come from near Coal Center.

### Supper a Great Success.

The supper given by the Dornas society of the First Baptist church at the church on Washington avenue yesterday afternoon and evening was a great success, and the ladies realized a nice sum. The tables were occupied nearly all the time after they were set, and praise was heard on all sides of the good things that were provided. The Baptist ladies gained an able reputation for their ability to serve all.

### Nothing New.

The industrious Prof. Starr, of  
Chicago, grasps the flying hour be-  
tween getting up time and the big  
football game to announce that  
baseball is nothing new; the Indians  
used to play it with 100 men on a  
side, which must have been discourag-  
ing to a prehistoric Hans Wagner  
anxious to establish a batting average.

The game Prof. Starr describes is  
about as much like shinny as baseball,  
but his point is well taken. There is  
really nothing new. There is the  
punching-bag, for instance; a very  
old vase in the Vatican Museum rep-  
resents the good ship Argo drawn up  
on the beach during their voyage for  
the Golden Fleece, and two young  
fellows are punching the bag to get  
up an appetite for dinner. The  
double boiler with water in the outer  
to keep food from scorching is a  
"Yankee notion;" the safety pin is  
another. But both are dug up at  
Pompeii. Washington's clumsy false  
teeth, that gave his jaw in later life  
such a square appearance, were a  
novelty in America; but the French  
immigrant who built them had only  
rediscovered an art known to the  
Etruscans, that mysterious race  
which preceded the Romans in Italy.

Modern thought and education have  
not even evolved a new type of human  
face. Senator Knox looks like Scipio  
Africanus, and Congressman Sulzer  
like Ptolemy Soter. Julius Caesar  
looked like Cardinal Gibbons; Agrip-  
pa, Vespasian and Vitellius like  
shrewd Yankee cross-roads squires,  
Maximilian like Elihu Root, Portinax  
like Gen. Grant, Titus and Trajan  
like modern actors, Antonius Plus  
like Andrew D. White. One or two  
of the later Emperors were like P. T.  
Barnum. Carcallia resembled Thomas  
Carlyle, while Marcus Aurelius has a  
facial type common to the east side  
of New York.

No there is nothing new under the  
sun, in man or man's invention.

### Something Wrong.

There is certainly something wrong  
with the law that would allow a  
court to sentence a boy of the tender

age of ten years to spend the re-  
mainder of his life in a penitentiary.  
But this is exactly what a judge in a  
town in one of the southern states  
did. The lad had committed murder  
it is true, but the case is not to be  
looked at with the same condemna-  
tion as that of an adult murderer.  
He had been discharged from a peni-  
tentiary and in the first heat of boyish  
anger had secured a gun and going  
to the place where he knew his former  
employer would be found, shot the  
person. In court he frankly told his  
tale, and received the life sentence.  
We understood that this was a  
Christian nation, but if that is an ex-  
ample of the best manhood which we  
have now-a-days, there is surely little  
good or sympathy for our fellows left  
among the natives of the United  
States. It was not right for the boy  
to suffer to the great extent of a life  
spent in the penitentiary. Probably  
he has never had the advantages of  
many another lad and did not know  
the wrongs of his act. At the age of  
ten he could scarcely realize the  
magnitude of his deed, and is entitled  
to great pity. Instead of being put  
in the penitentiary he should rather be  
sent to some home or school where he  
would learn what it is to be loved, and  
what constitutes sin in this world.  
About the one who imposed the sen-  
tence—well there is little use to say  
anything concerning him—he will not  
be placed in office again.

Canonsburg, Nov. 1.—Although the  
officials of the Washington and Can-

that they do not know when cars will  
be operated over the newly constructed  
road between Canonsburg and Pitts-  
burg, it is believed by parties who  
claim to have some knowledge of the  
company's affairs that the date will  
be early in December, or within one

month from the present time. It  
was the intention of the company to  
have begun operating the line on  
October 1, but at that time the road  
was not completed, and the time was  
extended to November 1. On the  
latter date the road was completed  
except some blasting and the electri-

## Chickering

A name which for eighty-five  
years has stood for the utmost  
worth in piano construction.

## KNABE

A piano with three-quarters  
of a century of world-wide  
artistic success behind it.

# The opportunity of a lifetime

Never before in the history of piano selling have buyers had an opportunity to buy pianos like  
Knabes, Chickering, Haines Bros., etc., at 75 to 150 dollars less than they are worth, and in all proba-  
bility they never will again. They would not now have this opportunity had not the new company—  
The American Piano Co.—of which these renowned manufacturers form a part—decided to discontinue  
several styles of each and every make.

Those who buy and sell a large number of pianos, like ourselves (5,000 pianos a year), know  
how hard it is to buy good trustworthy, medium grade pianos so as to save the buyer 50 to 75 dollars  
from customary prices—but a deal like this—involving the leading pianos of the world in their respective  
classes—and enabling the purchasers to save practically one-third of their piano money is unprecedented  
in piano selling.

Knabes, Chickering, Haines Bros., and eight other standard makes in  
brand new, up-to-date, but discontinued styles at practically one-third  
less than customary prices.

## PORTLAND, MAINE, CHILD

Ill, Weak and Emaciated, Restored to Health by Vinol

"Our little daughter, six years of age, after a severe attack of the measles, which developed into pneumonia, was left pitifully thin, weak and emaciated. She had no appetite, and her stomach was so weak it could not retain food. She lay in this condition for weeks, and nothing the doctor prescribed did a bit of good, and we were beginning to think she would never recover."

"At this time we commenced to give her Vinol, and the effect was marvelous. The doctor was amazed at her progress, and when we told him we were giving her Vinol, he replied, 'It is a fine remedy, keep it up.' We did so, and she recovered her health and strength months before the doctor thought she could." J. W. Flagg, Portland, Me.

Vinol cures conditions like this because in a natural manner it increases the appetite, tones up the digestive organs, makes rich, red blood, and strengthens every organ in the body.

## THAT THE POWER OF MONEY

in making more money is the secret of getting rich is generally admitted.

The average so-called "savings deposit" is only \$100—yet this \$100 represents 6 per cent interest on nearly \$7,000 for a full year. As the most of these accounts were started with a deposit of one to ten dollars and gradually increased to their present size, doesn't it seem that you can do fully as well? Make up your mind to do it—then it's merely a case of application. Your earnings are as large, or larger, than those of the average depositor referred to, only—you haven't been banking your money.

### GERMS IN HER SYSTEM

Every Woman Should Read This.

The number of diseases peculiar to woman is such that we believe this space would hardly contain a mere mention of their names, and it is a fact that most of these diseases are of a catarrhal nature. A woman cannot be well if there is a trace of the catarrhal germs in her system.

Some women think there is no help for them. We positively declare this to be a mistaken idea. We are so sure of this that we offer to supply medicine absolutely free of all cost in every instance where it fails to give entire satisfaction or does not substantiate our claims. With this understanding, no woman should hesitate to believe our honesty of purpose, or hesitate to put our claims to a test.

There is only one way to cure Catarrh. That way is through the blood. You may use all the snuffs, coughs or like remedies for years without getting more than temporary relief at best. Catarrh is caused by a germ. That germ is carried by the blood to the innermost part of the system until the mucous membrane is broken, irritation and inflammation produced, and a flow of mucous results, and you can probably realize how silly it is to attempt to cure such an ailment unless you take a medicine that follows the same course as the germ or parasite.

Rexall Mucu-Tone is scientifically prepared from the prescription of an eminent physician who for thirty years made his specialty Catarrh, and with this medicine he averaged 98 per cent of cures where it was employed. No other remedy is so properly designed for the ailments of woman. It will purify and enrich the blood, stop mucous discharge, destroy all germ matter, remove all impurities from the system, soothe, heal and strengthen the mucous tissues, and bring about a good feeling of health and strength.

We want you to try Rexall Mucu-Tone on our guarantee. If you are not benefitted, or for any reason not satisfied, simply tell us and we will hand back your money. Rexall Mucu-Tone comes in two sizes, 50c and \$1.00. John W. Carroll, Charleroi, Pa.

"It bends with the foot"

A SLENDID shoe for every purpose. Red Cross Shoe. Red Cross Shoe. Red Cross Shoe.

## Do Your Feet Ever Hurt?

If you could look inside of your shoe with your foot in it, you would see *why*. The sole of your *foot* bends, the sole of your *shoe* bends scarcely at all.

Ninety-five out of every 100 cases of foot suffering can be traced directly to stiff soles. Their constant friction is what brings hard, callous places, what irritates the delicate nerves and tendons and makes your feet draw, burn, ache!

### The Tenderest Feet Are Comfortable in the Red Cross Shoe

Its sole is flexible. Though of regular thickness, it bends with the foot. Not a movement is hampered, not a muscle restricted. The moment you slip it on, you notice its wonderful ease and suppleness. Come in. Bend it. Walk in it.

It doesn't cramp, bind or "draw" the foot—it fits like a glove. Try it once and *nothing* could induce you to go back to stiff sole shoes!

We have it in all styles. Let us fit you. High Shoes, \$4.00 and \$5.00. Oxfords, \$3.50 and \$4.00.

## NEW DEVELOPEMENT IN CASE FROM FALLOWFIELD

What is believed to be one of the most important links in the chain of evidence against Thomas Deets and William Bennet, who are now in jail charged with being implicated in the robbery of Miss Maria Degarmo and Miss Elizabeth Hartman in Fallowfield township was secured yesterday when a valuable chair belonging to Miss Degarmo was returned to the district attorney's at Washington. The chair was secured from a silversmith at Sutter station near the scene of the robbery. It is valued at about \$65 and was sold to the silversmith by Deets.

Stevenson, Ramsey and Rodgers, the three other men connected with the robbery, pleaded guilty to the charge and were sentenced to ten years in the penitentiary. Deets protests that he knows nothing of the robbery and that he was not connected with it in any way and refused to plead guilty with the other prisoners. The securing of this chair it is believed will fasten the crime on Deets. The evidence against him is very strong.

The prisoners who were sentenced and are now serving their time in the pen refused to make any statements about the robbery. Stevenson, who is supposed to have been the ring-leader and also a member of the famous Cooley gang stated that he had a thief's honor and would not "peach" on any of his pals.

It is likely that Deets and Bennet will be given this form of punishment.

County Detective William McCleary has been working on the case and now has returned to the women nearly every article taken from them by this apparently well organized band of thugs.

## TEACHER STOPS RUNAWAY AND SAVES CHILDREN

Miss Ruth Heatherington, the popular young teacher in the Jonestown school near Bentleyville, yesterday displayed the nerve of a novel heroine when she stopped a runaway horse that threatened to trample underfoot some of her charges as they were returning home with her from school.

The young lady was with the pupils on the Charleroi road walking slowly along discussing the events of the day when the rapid approach of the frenzied animal was noticed. Miss Heatherington was quick to act, and saved perhaps the lives of her charges. She seized the horse by the bridle and after a valiant effort succeeded in stopping it.

The children were terrified. To the animal was attached two wheels and a pair of shafts of what had once been a rig. The outfit was placed in the Richardson brothers heavy stable at Bentleyville. The owner is not known and where the horse came from is a mystery as no one has called for the steed and the wrecked rig.

Miss Heatherington is being overwhelmed with congratulations on her prompt action and supreme nerve.

## REPUBLICANS AT HOUSTON CELEBRATE

Houston, Nov. 13.—An enthusiastic jollification was held here last night in celebration of the success of the Republican ticket at the polls on November 3, and especially in honor of the victory of John A. Berry, as county commissioner. Partisan feeling was laid aside for the evening and Democrats and Republicans alike vied with each other in showing honors upon their fellow townsman. Hon. C. E. Carothers, who was present as a guest of Mr. Berry, came in for full share of the honors and was greeted on every side with expressions of esteem and confidence. Treasurer-elect William E. Lane was also the guest of Mr. Berry and was cordially welcomed by the enthusiastic crowd.

## LOSES LIFE RUNNING TO CATCH TRAIN

Midway, Nov. 13.—While attempting to board a train at the Panhandle station here last evening William T. Vockel, a traveling salesman, slipped and fell on the brick platform and was killed by the fall.

Mr. Vockel carried in his pocket an accident card of the Commercial Travelers Accident Insurance company, of Utica, N. Y., which gave his address as 33 Maple avenue, Pittsburgh. He represented as salesman the firm of Miller and Carlson, of Salineville, O., and sold victrola records, clothing and building supplies.

Mr. Vockel had been in Rickson and Wallace's store soliciting business when the train whistled for Midway station. In less than two minutes he was a corpse. He was running to board the train when the accident occurred.

The body was turned over to G. W. Nash, the undertaker, and Deputy Coroner Humphries, of McDonald, was notified.

## FOURTH ANNUAL CONVENTION OF ASSOCIATION

The fourth annual convention of the Washington county Sabbath school associations yesterday at Washington in the rooms of the Y. M. C. A. Delegates were present from all parts of the county and the session was a very successful one. President Rev. C. L. McKee of Washington was in the chair.

The devotional exercises comprised the reading by the president of the stirring account of the summary procedure of Nehemiah breaking up traffic on the Sabbath, as recorded in Nehemiah 13:51-21, this scripture reading being followed with prayer by Rev. J. C. Kistler, of Houston.

Reports were presented by the president and by the secretary-treasurer, S. W. Hall, covering the work done during the year.

Rev. J. P. Sharp, of Philadelphia, state field secretary of the Sabbath association, being present, and addressed the convention, giving advice and direction as to methods of procedure in enforcing the law, and citing some of the many victories won by the friends of the Sabbath in various parts of the state, with court decisions covering the same. Many questions were answered by the speaker, as presented by the members of the convention.

Following general discussion of the situation in Washington county, it was unanimously resolved that, in connection with the publication of the proceedings of the convention, the Pennsylvania Sunday law, the so-called "Blue Law," published for the better information of the public in regard to the law and its requirements; that the association at the same time call attention of merchants, dealers, factory, mill and mine owners and operators and the public generally to the law and the court decisions concerning it, with the request that they observe its requirements; and that all officials, constables, justices, judges and others concerned be reminded of their duty to lead in the enforcing of this law.

An election for officers resulted in the continuance of Rev. C. L. McKee as president, and S. W. Hall as secretary-treasurer, for the ensuing year.

Rev. C. L. McKee was named as delegate to the state convention to be held November 17-18 at Gettysburg. Those present from Charleroi were Rev. G. G. Keir and Joseph Kenyon.

### A Good Show.

Manager R. S. Coyle of the Coyle theatre has what he believes, a surprise in store for the patrons of his popular playhouse, in the presentation soon of Lem B. Parker's powerful drama of a phase of present day American life, entitled "Merriod for Money, or The Old Wife and the New." The play is said to be one of the most absorbing and startling works during with one of the greatest evils of our social life is afflicted with, written in recent years.

## MEETING OF EXECUTIVE COMMITTEE

Last night the executive board for the High School lecture course met and arranged for the matinee to be given on the 23rd of this month when the next attraction is scheduled.

The price of the matinee will be, children, 10 cents and adults, 25 cents. The schools will be closed on that afternoon at three o'clock to permit the pupils to have plenty of time in getting to the hall.

The lecturer for the occasion will be Buffalo Jones, who is a noted man on the Redpath bureau. He has numerous press endorsements and is regarded as among the finest everywhere he goes. He has spent the greater part of his life on the plains among the animals and is perfectly able to discuss them.

His lecture is an illustrated one, he carrying with him a moving picture machine, and having a roll of films which he has himself taken. The guarantees of the course are still hustling to sell tickets. They have not yet enough funds on hand for the course, and desire the people to help in the matter.

## URANIUM DISCOVERED IN STATE OF IDAHO

Spokane, Wash., Nov. 14.—Uranium, a rare metallic substance, with the so-called Becquerel rays of which Madame Currie was experimenting when she discovered radium, has been found in quantity on the property of the Green Mountain Mining and Milling company near Tyson, Idaho. Rock containing the values was encountered in tunnel No. 3 more than a year and a half ago, but as it showed only traces of copper and gold and no evidence of other metals it was thrown on the dump, where it remained until a few days ago, when a veteran prospector from the Black Hills recognized its value. Assays made in Spokane show the rock carries 3-7-10 per cent uranium and is worth \$130 a ton in its present state. The ore was found on a four-foot ledge, running 12 feet south of a parallel to the gold bearing vein, which has been under development several years. It occurs in two forms. One is a dark-green glossy ore, light in weight, the other being pitch-blende, black and heavy.

## Mr. George Yoder Claims Dinner Set

The winner of the dinner set at the Star theatre was Mr. George Yoder, he holding the lucky number, 1439.

The bill at the Star is drawing many to that popular vaudeville house the latter part of this week. Miss Marie Alba has a new and up-to-date singing and talking stunt that never fails to please wherever she goes. Reed's bulldogs as last year are making a great hit with all the patrons of the Star. They are extremely clever. Arthur Abbott is coster singer and comedian of ability and is making good at the local house with a vengeance.

Adolph has special prices on high grade shoes at his store on Fallowfield avenue, the last two days of this week. "Good quality; small price, is his motto."

Washington, Nov. 13.—As the result of an attack of heart trouble Jeremiah Ely, a former resident of Washington and one of the oldest residents of South Franklin township, died suddenly at his home yesterday morning. He was aged 80 years. Funeral services will be held from the home of his daughter, Mrs. Oliver Stewart, 445 West Chestnut street, on Saturday afternoon, at 1 o'clock. The interment will be made in the Washington cemetery.

A person cannot help but desire the shoes that Adolph is now showing. They have every essential that could be desired, fit, comfort, style, and last but not least the prices are small.

## COAL CENTRE YOUTHS ON TRIAL FOR ROBBING STORE

On trial before Judge McIlvaine at Washington is the case of the commonwealth against Irvin Whetzel and Thomas Dougan, two young lads of Coal Center, who are charged with felonious breaking and entry and larceny. Samuel Hartman, another young man, charged with the same offense, pleaded guilty some time since and is now at Huntingdon. He was brought back to the commonwealth and testified against the two defendants yesterday. The private prosecutor is George S. Robinson, of Elco, and it was his store that was entered. Besides candy and other small articles taken, there was stolen a gold watch and a pair of shoes belonging to Mr. Robinson.

Hartman was the principal witness on the stand, and he tried to pose as a hero when he was giving his testimony. Not yet of age he boldly told of his criminal acts as though he was a hardened criminal. He told of getting the night of the robbery a half pint of raw alcohol and two pints of whiskey. When asked by the defendant's attorney if he was

not pretty well "soaked" he replied he was not, he was used to it. In his testimony he stated that the trio had been to Charleroi on the night of the robbery and he had secured the whiskey here. They then taken the street car to Elco, and intended to go home by the "Bummer" from there. They loafed around the Robinson store, smoking cigarettes and drinking whiskey, until a girl was awakened to raid the store. According to Hartman's statement Dougan broke the glass and he, Hartman, reached in his hand and with the aid of his revolver succeeded in loosing the catch. Hartman and Dougan went in while Whetzel stood guard. They took a lot of stuff and walked home.

The defense denies the story of Hartman and claims that while the two defendants were with him that night, Hartman left them before the store was robbed and later met them on the railroad with the stolen shoes and watch. J. R. Burnside represents the defendants. Hartman admitted that Whetzel and Dougan were not bad boys.

## FINE AND SIX YEARS IN PENITENTIARY

Mike Sussi Convicted Of Attempt To Burn Cars At Huston Yard.

The costs, fine of \$500 and imprisonment in the Western penitentiary for six years was the sentence pronounced yesterday at Washington by Judge Taylor upon Mike Sussi, convicted on the charge of the malicious burning of railroad cars at Houston yards. Sussi is already serving his time, being placed in the penitentiary yesterday afternoon. Immediately after he was sentenced Sussi was taken in charge by Deputy Sheriff W. B. McBride, who took him to an adjoining jury room, where he was stripped and searched, to see that there was on him no means to take his own life. He was taken to the penitentiary by Deputy R. G. Lutton and Detective Sarver on the 10 o'clock Chartiers train, not having been returned to jail at all after sentence.

## DEFENDANT FOUND NOT GUILTY OF CHARGE

The jury in the case of the commonwealth against J. F. Miller, charged with aggravated assault and battery, found the defendant not guilty and divided the costs between the defendant and private prosecutor. The assault was committed upon Ida Miller, wife of the defendant, at being alleged he "knocked her down, with the result that she sustained a severe cut on her head." A brother of the woman was the private prosecutor.

The testimony brought out that the defendant and his wife were inclined to imbibe a little and that when this was the case there was often "rough house" at the Miller home. The parties come from near Coal Center.

Supper a Great Success. The supper given by the Domes society of the First Baptist church at the church 5th Washington avenue yesterday afternoon and evening was a great success, and the ladies realized nearly all the time after they were set. And praise was heard on all sides of the good things that were provided. The Baptist ladies gained an excellent reputation for their ability to serve.

## Nothing New.

The industrious Prof. Starr, of

Chicago, grasps the flying hour be-

tween getting up time and the big

football game to announce that

baseball is nothing new; the Indians

used to play it with 100 men on a

side which must have been discourag-

ing to a prehistoric Hans Wagner

anxious to establish a batting average.

The game Prof. Starr describes is

about as much like shiny as baseball,

but his point is well taken. There is

really nothing new. There is the

punching-bag, for instance; a very

old vase in the Vatican Museum rep-

resents the good ship Argo drawn up

on the beach during their voyage for

the Golden Fleece, and two young

fellows are punching the bag to get

up an appetite for dinner. The

double boiler with water in the outer

to keep food from scorching is a

"Yankee notion;" the safety pin is

another. But both are dug up at

Pompeii. Washington's clumsy false

teeth, that gave his jaw in later life

such a square appearance, were a

novelty in America; but the French

immigrant who built them had only

rediscovered an art known to the

Etruscans, that mysterious race

which preceded the Romans in Italy.

Modern thought and education have

not even evolved a new type of human

face. Senator Knox looks like Scipio

Africanus, and Congressman Sulzer

like Ptolemy Soter. Julius Caesar

looked like Cardinal Gibbons; Agrip-

pa, Vespasian and Vitellius like

shrewd Yankee cross-roads squires,

Maximilia like Elihu Root, Pertinax

like Gen. Grant, Titus and Trajan

like modern actors, Antonius Pius

like Andrew D. White. One or two

of the later Emperors were like P. T.

Barnum. Carcallia resembled Thomas

Carlyle, while Marcus Aurelius has a

facial type common to the east side

of New York.

There is nothing new under the

sun, in man or man's inventions.

## Something Wrong.

There is certainly something wrong

with the law that would allow a

court to sentence a boy of the tender

age of ten years to spend the re-

mainder of his life in a penitentiary.

But this is exactly what a judge in a

town in one of the southern states

did. The lad had committed murder

it is true, but the case is not to be

looked at with the same condemna-  
tion as that of an adult murderer.  
He had been discharged from a po-  
sition and in the first heat of boyish  
anger had secured a gun and going  
to the place where he knew his former  
employer would be found, shot the  
person. In court he frankly told his  
tale, and received the life sentence.  
We understood that this was a  
Christian nation, but if that is an ex-  
ample of the best manhood which we  
have now-a-days, there is surely little  
good or sympathy for our fellows left  
among the natives of the United  
States. It was not right for the boy  
to suffer to the great extent of a life  
spent in the penitentiary. Probably  
he has never had the advantages of  
many another lad and did not know  
the wrongs of his act. At the age of  
ten he could scarcely realize the  
magnitude of his deed, and is entitled  
to great pity. Instead of being put  
in the penitentiary he should rather be  
sent to some home or school where he  
would learn what it is to be loved, and  
what constitutes sin in this world.  
About the one who imposed the sen-  
tence—well there is little use to say  
anything concerning him—he will not  
be placed in office again.

# The opportunity of a lifetime

Never before in the history of piano selling have buyers had an opportunity to buy pianos like  
Knabes, Chickerings, Haines Bros., etc., at 75 to 150 dollars less than they are worth, and in all proba-  
bility they never will again. They would not now have this opportunity had not the new company—  
The American Piano Co.—of which these renowned manufacturers form a part—decided to discontinue  
several styles of each and every make.

Those who buy and sell a large number of pianos, like ourselves (5,000 pianos a year), know  
how hard it is to buy good trustworthy, medium grade pianos so as to save the buyer 50 to 75 dollars  
from customary prices—but a deal like this—involving the leading pianos of the world in their respective  
classes—and enabling the purchasers to save practically one-third of their piano money is unprecedented  
in piano selling.

Knabes, Chickerings, Haines Bros., and eight other standard makes in  
brand new, up-to-date, but discontinued styles at practically one-third  
less than customary prices.

## PORTLAND, MAINE, CHILD Ill, Weak and Emaciated, Restored to Health by Vinol

"Our little daughter, six years of age, after a severe attack of the measles, which developed into pneumonia, was left pitifully thin, weak and emaciated. She had no appetite, and her stomach was so weak it could not retain food. She lay in this condition for weeks, and nothing the doctor prescribed did a bit of good, and we were beginning to think she would never recover.

"At this time we commenced to give her Vinol, and the effect was marvelous. The doctor was amazed at her progress, and when we told him we were giving her Vinol, he replied, 'it is a fine remedy, keep it up.' We did so, and she recovered her health and strength months before the doctor thought she could." J. W. Flagg, Portland, Me.

Vinol cures conditions like this because in a natural manner it increases the appetite, tones up the digestive organs, makes rich, red blood, and strengthens every organ in the body.

## THAT THE POWER OF MONEY

In making more money is the power of getting rich is generally admitted.

The average so-called "savings deposit" is only \$100—yet this \$100 represents 5 per cent interest on nearly \$7,000 for a full year. As the most of these accounts were started with a deposit of one to ten dollars and gradually increased to their present size, doesn't it seem that you can do fully as well? Make up your mind to do it—then it's merely a case of application. Your earnings are as large or larger than those of the average depositor referred to, only you haven't been banking your money.

**M**OST clothiers sell clothing on its "looks." If the pattern's pretty and the clothes fair, the suit is marked at a big profit.

If the cloth looks good enough for a \$15 suit, no matter how much it costs or how it will wear, \$15 the suit is marked.

Our Clothing is sold on its tailoring, on its fit, on the wear of the fit as well as on the looks.

Tailoring isn't watched closely by most clothiers because it isn't seen.

Then you must watch the clothier. What isn't seen in our clothing you needn't bother your head about—IT'S RIGHT.

Overcoats \$5 to \$25

### GERMS IN HER SYSTEM

Every Woman Should Read  
This.

The number of diseases peculiar to woman is such that we believe this space would hardly contain a mere mention of their names, and it is a fact that most of these diseases are of a catarrhal nature. A woman cannot be well if there is a trace of the catarrhal germs in her system.

Some women think there is no help for them. We positively declare this to be a mistaken idea. We are so sure of this that we offer to supply medicine absolutely free of all cost in every instance where it fails to give entire satisfaction or does not substantiate our claims. With this understanding, no woman should hesitate to believe our honesty of purpose, or hesitate to put our claims to a test.

There is only one way to cure Catarrh. That way is through the blood. You may use all the snuffs, coughs or like remedies for years without getting more than temporary relief at best. Catarrh is caused by a germ. That germ is carried by the blood to the innermost part of the system until the mucous membrane is broken, irritation and inflammation produced, and a flow of mucous results, and you can probably realize how silly it is to attempt to cure such an ailment unless you take a medicine that follows the same course as the germ or parasite.

Resall Mucu-Tone is scientifically prepared from the prescription of an eminent physician who for thirty years made his specialty Catarrh, and with this medicine he averaged 98 per cent of cures where it was employed. No other remedy is so properly designed for the ailments of woman. It will purify and enrich the blood, stop mucous discharge, destroy all germ matter, remove all impurities from the system, soothe, heal and strengthen the mucous tissues, and bring about a good feeling of health and strength.

We want you to try Resall Mucu-Tone on our guarantee. If you are not benefitted, or for any reason not satisfied, simply tell us and we will hand back your money. Resall Mucu-Tone comes in two sizes, 50c and \$1.00. John W. Carroll, Charleroi, Pa.

## Do Your Feet Ever Hurt?

If you could look inside of your shoe with your foot in it, you would see why. The sole of your foot bends, the sole of your shoe bends scarcely at all.

Ninety-five out of every 100 cases of foot suffering can be traced directly to stiff soles. Their constant friction is what brings hard, callous places, what irritates the delicate nerves and tendons and makes your feet draw, burn, ache!

The Tenderest Feet Are Comfortable in the Red Cross Shoe

Its sole is flexible. Though of regular thickness, it bends with the foot. Not a movement is hampered, not a muscle restricted. The moment you slip it on, you notice its wonderful ease and suppleness. Come in. Bend it. Walk in it.

It doesn't cramp, bind or "draw" the foot—it fits like a glove. Try it once and nothing could induce you to go back to stiff sole shoes!

We have it in all styles. Let us fit you. High Shoes, \$4.00 and \$5.00. Oxfords, \$3.50 and \$4.00.

Price is a Good Salesman  
But Quality is a better one.
